10. [REDACTED] Met with Miss Marge Almloff, Assistant to Representative Don Clausen (R., Calif.) concerning the [REDACTED] correspondence. Miss Almloff advised that Representative Clausen had provided an interim response on 12 January and that the most recent letter from [REDACTED] was forwarded to us on Thursday. Miss Almloff noted in passing, the apparent difficulty of utilizing standards applicable to the Agency retirement act in the administration of the Civil Service Retirement Act as it relates to Agency employees. She chided me lightly on the statement in the last letter to [REDACTED] concerning the fact that his position may be surplus. She noted that at least in preliminary review, it appeared to weaken the Agency's position. I advised that [REDACTED] would be invited to visit the Agency headquarters for the purpose of reviewing his case in depth with the Agency General Counsel and that we might anticipate at this time that the reviewing of his case would be several weeks rather than the one or two weeks that I originally discussed with her. Miss Almloff expressed her appreciation for my coming by and noted that it was helpful that we were keeping Representative Clausen abreast of developments.

11. [REDACTED] Received a call from Mr. W. H. Boone, House Science and Astronautics Committee staff, concerning travel of an individual in the Soviet Union that he had discussed with Mr. Duckett. Mr. Boone requested that I pass on to the Deputy Director that the individual is now pressed for time in responding to an invitation. Mr. Duckett's office has been advised.

12. [REDACTED] With regard to her inquiry on [REDACTED] [REDACTED] I advised Miss Sikes, State Department Congressional Relations staff, that any information we had on this individual had been passed to the Army. I suggested she contact Army Legislative Liaison which was the proper agency on this case.
